Objective

I am a self-taught JavaScript developer currently seeking full-time employment in San Francisco as a Softwar Engineer

Key Skills

JavaScript, React, Redux, Node, Express, MongoDB, Socket.io, jQuery, HTML5, CSS3, Sass, D3, and Git

Coding Experience

Free Code Camp
- Front End Development Certification, May 31, 2016
- Data Visualization Certification, July 9, 2016
- Back End Development Certification, November 5, 2016

Key Projects:
- **Book Trading App:** A Node/React/Redux app that lets users add books they own and make trades with their friends.
- **Pinterest Clone App:** A full-stack JavaScript app that users can use to link to and share photos online in a pinterest-style grid.
- **Roguelike Dungeon Crawler:** A replica of Free Code Camp's curriculum as a fully-playable dungeon crawler game written in React.

Education

The University of Tennessee, Knoxville (May 2014)
BS Biochemistry, BA Anthropology | Summa Cum Laude | Phi Beta Kappa

Employment

Firgon Outfitters: Co-Founder & Co-Owner (2015 - present)
Onsight Rock Gym: Head Routesetter (Jan. 2016 - Oct. 2016)
National Institutes of Health: Research Intern, Rein HIV Lab (May 2013 - Aug 2013)

Service/Leadership

UTK Habitat for Humanity Campus Chapter (2011 - 2014)
Positions Held: President, Officer, Fundraising Director
Played a key role in organizing and leading an annual fundraising Mud-Run, for 3 consecutive years, raising a total of approximately $9,600

Honors/Awards

- Selected as a Finalist for the NIH Oxford-Cambridge Scholars Program, 2014
- Inductee to the Phi Beta Kappa Society, 2013
- Awarded the C.W. Fite Fellowship for Outstanding Professional Promise, 2013
- Inductee to the Eta Sigma Phi Society (ή συνουσία φιλελλήνων), 2012
